be a summer camp of units of the 9th Gds Tank Div. 25X1

3. Comment. [redacted] probably refers to Droege, about 6 km south of Fuerstenberg, although a place called Seilersdorf is unknown in the vicinity of Droege. Units of the 34th Gds Mtc Lfle Rgt of the 12th Gds Tank Div stationed in Droege may have occupied a summer bivouac in the vicinity of the post. 25X1

4. Comment. The train presumably carried artillery units of the 9th Gds Tank Div which [redacted] transferred to Luckenwalde. 25X1

5. Comment. Presumably engineers of the Fourth Gds Mtc Army from the Templin troop training grounds or of the 9th Gds Tank Div, which engaged in bridge construction on the northern edge of the abovementioned training grounds. 25X1

6. [redacted] 25X1

7. Comment. The column on 31 July, which included unusually many rocket launchers and motor vehicles [redacted] cannot be accounted for. The rolling mill quartered an ordnance depot of the air force. The AA guns probably came from the depot. 25X1

8. Comment. At about 11:45 a.m. on 9 August [redacted] a shipment of ground units of an air transport regiment which [redacted] went from Schoeneweide to Falkenberg. [redacted] The trains observed at the Gruenau and Schoeneweide railroad stations on 8 and 9 August respectively possibly were identical with a shipment of units of the 7th Gds Mtc Div which [redacted] went from Lieberose to Schoeneweide on 8 August. 25X1

9. [redacted]

10. [redacted]

11. Comment. The train observed on 27 July may have gone to or come from, Altengrabow. [redacted]

12. Comment. [redacted] presumably a shipment of a unit of the 19th Gds Mtc Div. It is not impossible that the tanks were shipped to the Altengrabow troop training grounds for a special exercise.
